

Cash User's Guide

Our new fareboxes are high-tech and allow for a wider range of fare options than ever before. They work a bit differently than our previous fareboxes, so don't be afraid to ask questions.

Paying fares with bills or coins

- **Insert coins one at a time** into the coin cup.
- Rejected coins will drop to the Rejected Coin Return Cup below. **Pennies, tokens and Canadian coins will not be accepted.**
- Like a vending machine, **feed flat, unfolded bills (in any direction)** into the Bill Insertion Slot.
- **The machine accepts \$1, \$5 and \$10 bills**
- **Fareboxes do not give change.** However, change cards will be issued for future rides.
