PUBLIC NOTICE

SMART will hold the March 28, 2024, Board of Directors meeting at 2:00 PM in the Buhl Building, located on 535 Griswold St. Suite 600, Detroit, MI 48226.

Public Participation will only be available for members of the public attending in person or those who email comments per the process outlined below.

All physically present at the meeting must adhere to the following:

- Please respect anyone needing or choosing to wear a mask.
- People with symptoms of COVID-19 or exposure to someone with COVID-19 should wear a mask.
- People who are positive for COVID-19 may not attend the Meeting in person and should access the recording at the YouTube link below.

The agenda can be found on SMART's website: <http://www.smartbus.org/About/Our-Organization/Board-of-Directors/Board-Meeting-Schedule>

Members of the public may attend in person. The Meeting will be livestreamed on YouTube and available at the following URL: <https://www.youtube.com/@MySMARTBus>.

Members of the public may also submit a written comment to be read during the Public Comment period by emailing SMARTBoard@smartbus.org by 1:15 p.m. on the day of the meeting.

Public Comment will proceed as follows:

- All comments: 3-minute limit per member of the public. Kindly state your name and city of residence.
- Public comments will be received in the following order:
 - Members of the public who attend in person.
 - Written comments via email. The Board Administrator will read any submitted comments.

SUBURBAN MOBILITY AUTHORITY FOR REGIONAL TRANSPORTATION

BOARD OF DIRECTORS MEETING

PROPOSED MINUTES – February 22, 2024

The Board of Directors of the Suburban Mobility Authority for Regional Transportation (SMART) met on Thursday, February 22, 2024, at 2:00 PM in the Buhl Building, located at 535 Griswold, Suite 600, Detroit, MI 48226.

ATTENDANCE

SMART Board of Directors:	Chairperson	Mr. Abdul Haidous
	Vice-Chairperson	Mr. John Paul Rea
		Ms. Hilarie Chambers
		Ms. Shelia Cote
		Mr. Bret Rasegan
Absent Board Members:		Dr. Curtis Ivery
		Mr. Royce Maniko
SMART General Manager:		Mr. Dwight Ferrell
SMART Deputy GM & COO:		Ms. Tiffany J. Gunter
SMART Board Administrator:		Ms. Tiffany Martin-Patterson
SMART Staff Present:		Ms. Truvae Adams
		Mr. Ron Beier
		Ms. Laura Bieniek
		Ms. De'Shalon Brownlee
		Mr. Le Juan Burt
		Mr. Ryan Byrne
		Mr. Melvin Evans
		Ms. Beth Gibbons
		Ms. Harmony Lloyd
		Mr. Bernard Parker
		Mr. Sean Riopelle
	Mr. D'Andrae Whitley	
	Mr. Danny Whitehouse	

Public Registered:

Ms. Alyssa
Mr. Joel Batterman
Mr. Bobby Bamase
Ms. Laura Bleaieje
Mr. D. Duyck
Ms. Patty Fedewa
Mx. Steven Hammontree
Mr. Steven Haring
Mr. Steven Hawig
Mr. Jim Henderson
Mr. Wyatt Johnson
Mr. Drew Kennerly
Mx. Lukas Lasecki
Mr. Robert Pawlowski
Mr. Alexander Selsley
Mr. Thomas Yazbeck

1. Call to Order

2. Pledge of Allegiance

3. Roll Call

Present: Chairperson Mr. Abdul Haidous, Vice-Chairperson Mr. John Paul Rea, Ms. Hilarie Chambers, Rahal, Ms. Sheila Cote, Mr. Bret Rasegan

Absent: Dr. Curtis Ivery, Mr. Royce Maniko

A quorum was present.

4. Adoption of Agenda

MOTION: Moved by Mr. John Paul Rea, seconded by Mr. Bret Rasegan, to approve the Agenda for the February 22, 2024 Board meeting.

DISCUSSION

None

VOTE: THE MOTION CARRIED.

5. Certification of Public Notice

The Board Administrator read the Public Notice and Rules of Order into the record.

6. Minutes

A. Board Meeting Minutes for February 22, 2024

MOTION: Moved by Ms. Hilarie Chambers, seconded by Mr. John Paul Rea, to approve the Board meeting minutes for February 22, 2024.

DISCUSSION:

None

VOTE: THE MOTION CARRIED.

7. Public Participation

Chairperson Mr. Abdul Haidous declared the meeting open for Public Participation.

The following participants voiced their concerns and made comments:

- Ms. Angela Cope
- Mx. Steven Hammontree
- Mx. Lukas Laseki
- Ms. Mary Palmer
- Mr. Mike Rayner
- Mr. Robert Pawlowski

8. Chairperson's Report

DISCUSSION:

None

9. General Manager's Report

DISCUSSION:

None

10. Board Briefings

A. HR Hiring Update

Service Changes April 2024

SC

 **SMART**

Major Service Changes

- Three changes being implemented in April 2024 qualify as Major Service Changes
- These proposed changes were presented to the public, per SMART and FTA policy in May 2023.
- Board of Directors voted affirmatively on May 25, 2023 to implement the changes.
- First round was implemented in Sept 2023
- Second round will be April 2024
- Final round of “phase one” changes in June 2024

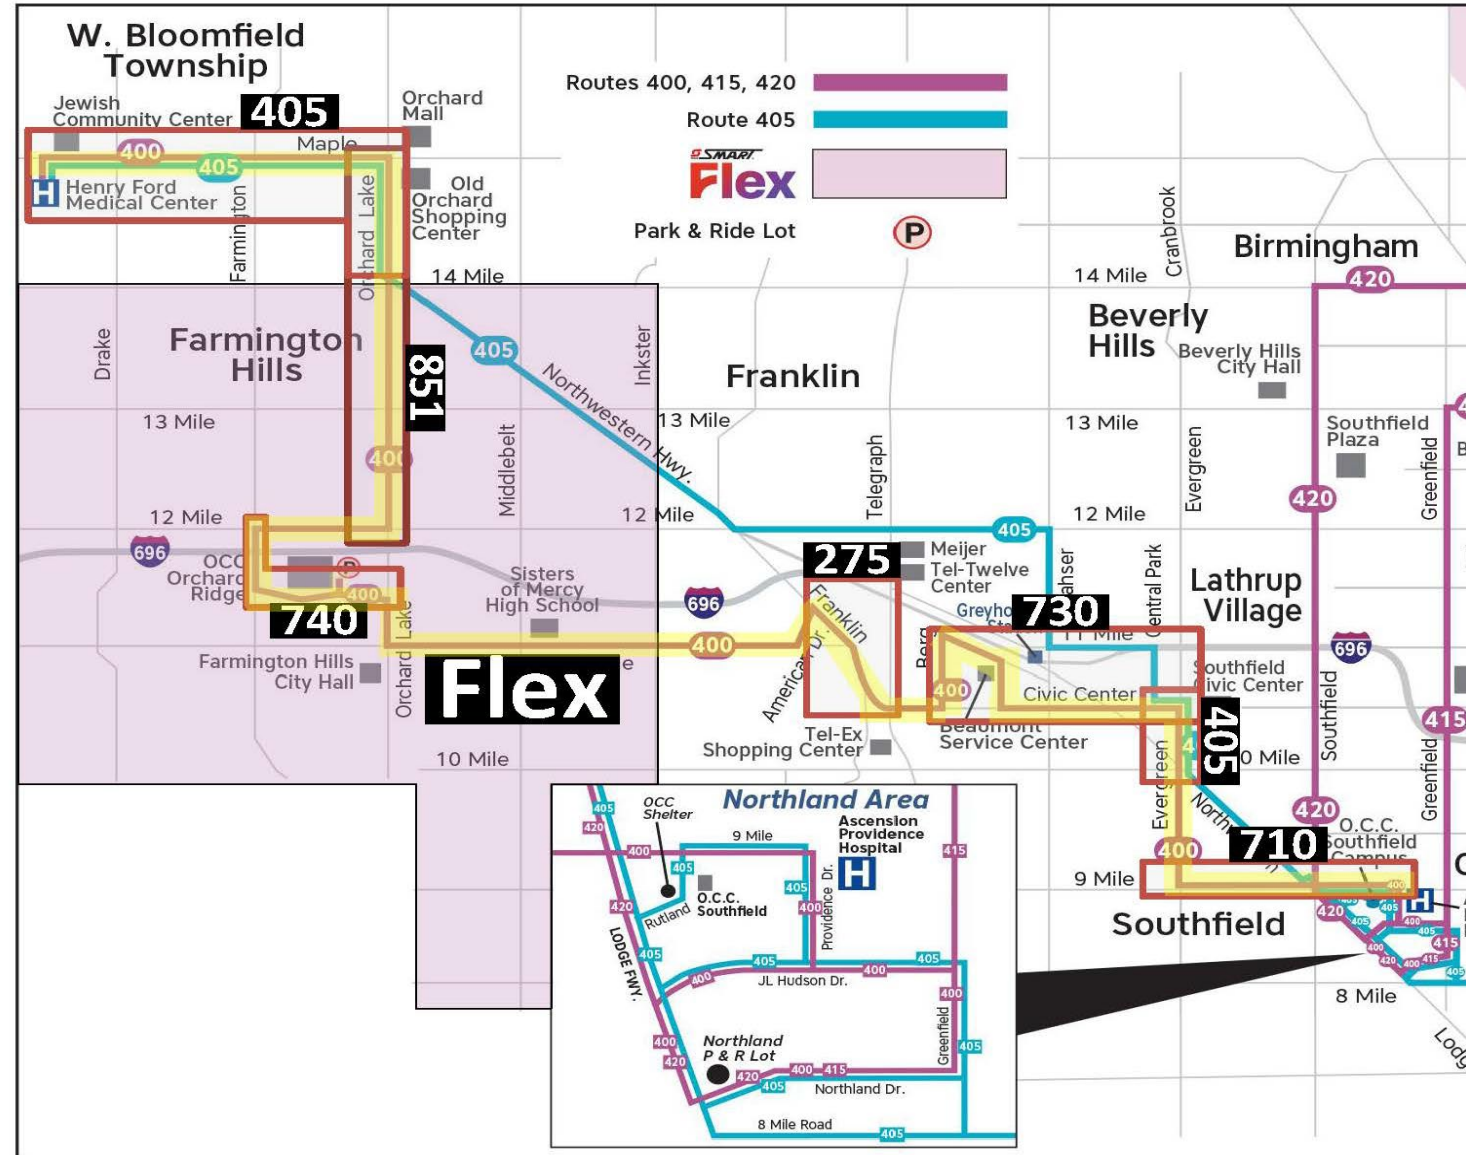

400 Southfield/Orchard Ridge – Discontinued Route

The route will be discontinued due to:

- Low ridership but high operating cost
- Duplication of other Fixed Route Services (over 90% of service is provided by other routes)

Access these routes as alternatives:

- Northland – 405 Northwestern, 415 Greenfield, 420 Southfield, 851 P&R, and multiple DDOT routes
- 9 Mile Rd - 710 9 Mile
- Evergreen - 405 Northwestern, 730 10 Mile & DDOT 60 Evergreen
- Civic Center - 730 10 Mile
- Franklin - 275 South Telegraph
- Farmington Hills – Farmington Flex
- OCC Orchard Ridge - 740 12 Mile and 851 P&R
- Orchard Lake - 405 and 851 P&R
- Maple – 405 Northwestern

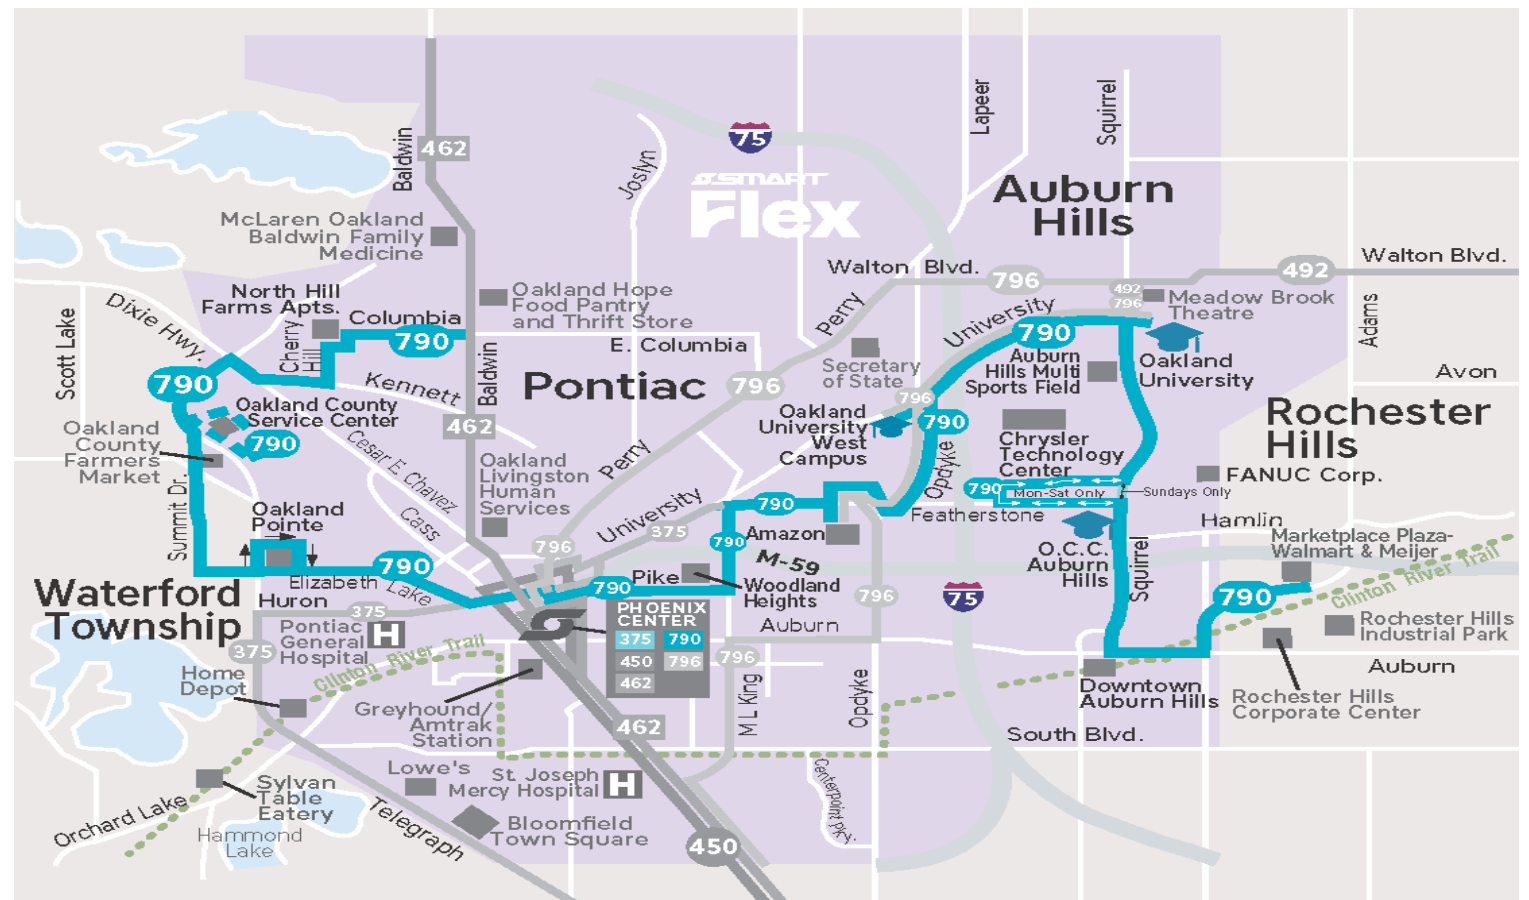

790 Pontiac Crosstown

– MODIFIED ROUTE –

To Better Serve Pontiac, Auburn Hills, and connect to Rochester Hills

- Operates hourly 7 days a week; weekdays and Saturdays 5:30 a.m. to 9:30 p.m., Sundays 6:30 a.m. to 6:30 p.m.
- Connects neighborhoods of east & west Pontiac, Auburn Hills, & Rochester Hills
- From Amazon to Marketplace Plaza via Opdyke, OU-West, University, OU-Main, Squirrel, Featherstone, OCC, Squirrel, Auburn, & Adams
- Revised service east of Amazon Pontiac provides better & efficient connections.

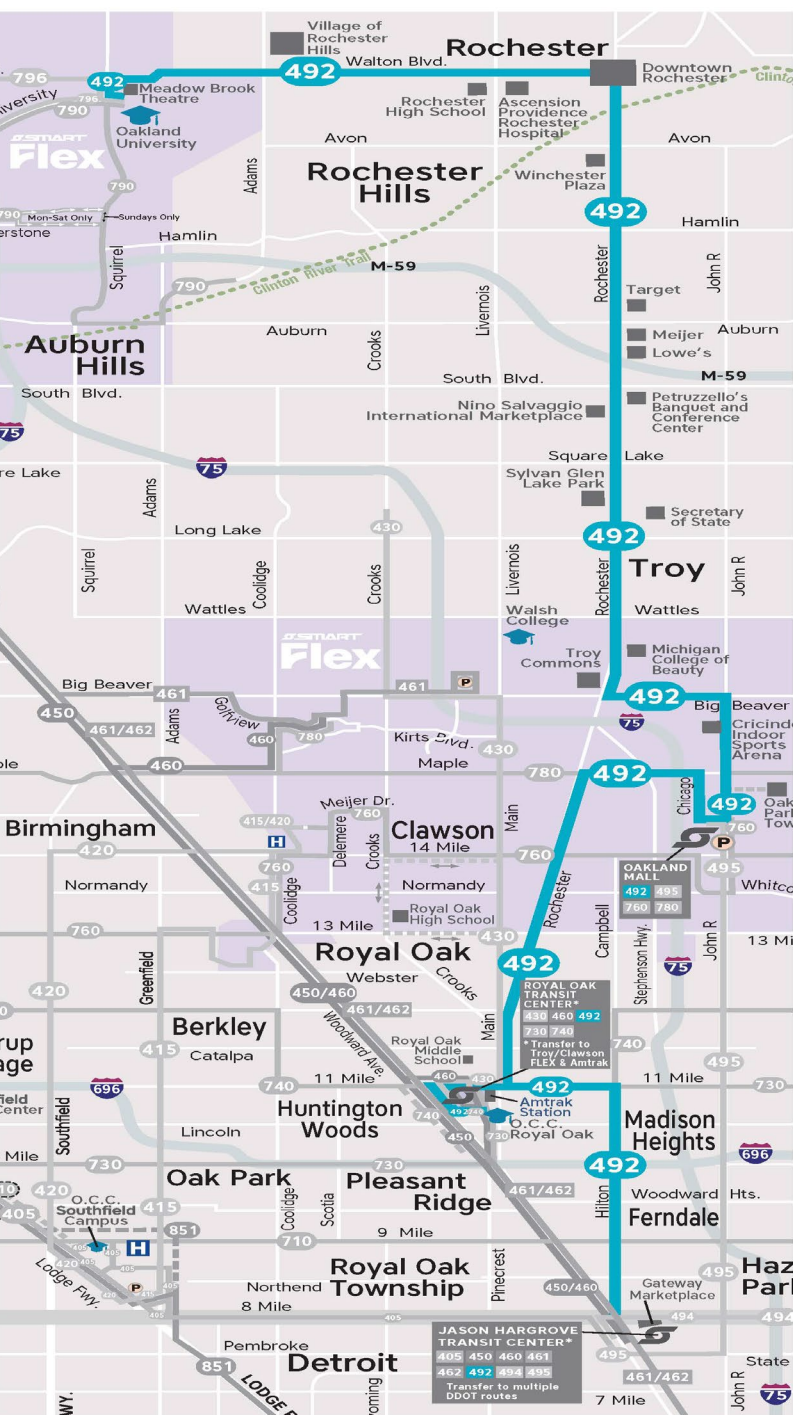

ROUTE 492 ROCHESTER ROAD

– NEW ROUTE –

Rochester Road from the State Fair Transit Center through Rochester/Rochester Hills to Auburn Hills

- Service begins April 22, 2024
- 6 a.m. to 10 p.m., on weekdays and Saturdays
- Hourly service on all days served
- From Oakland University to the State Fair Transit Center via Hilton, 11 Mile, Main, Rochester, Maple, Chicago, Oakland Mall, John R, Big Beaver, Rochester, University/Walton, & Squirrel
- New destinations: Sylvan Glen Park, Nino Salvaggio, Hampton Village Centre, Winchester Plaza, Downtown Rochester, Ascension Rochester Hospital, Meadowbrook Hall

Network Security Briefing

March 28, 2024

Objective

To protect the SMART network and its operations from potential cyber threats, including ransomware. This will ensure seamless and uninterrupted service for our staff and passengers at all times.

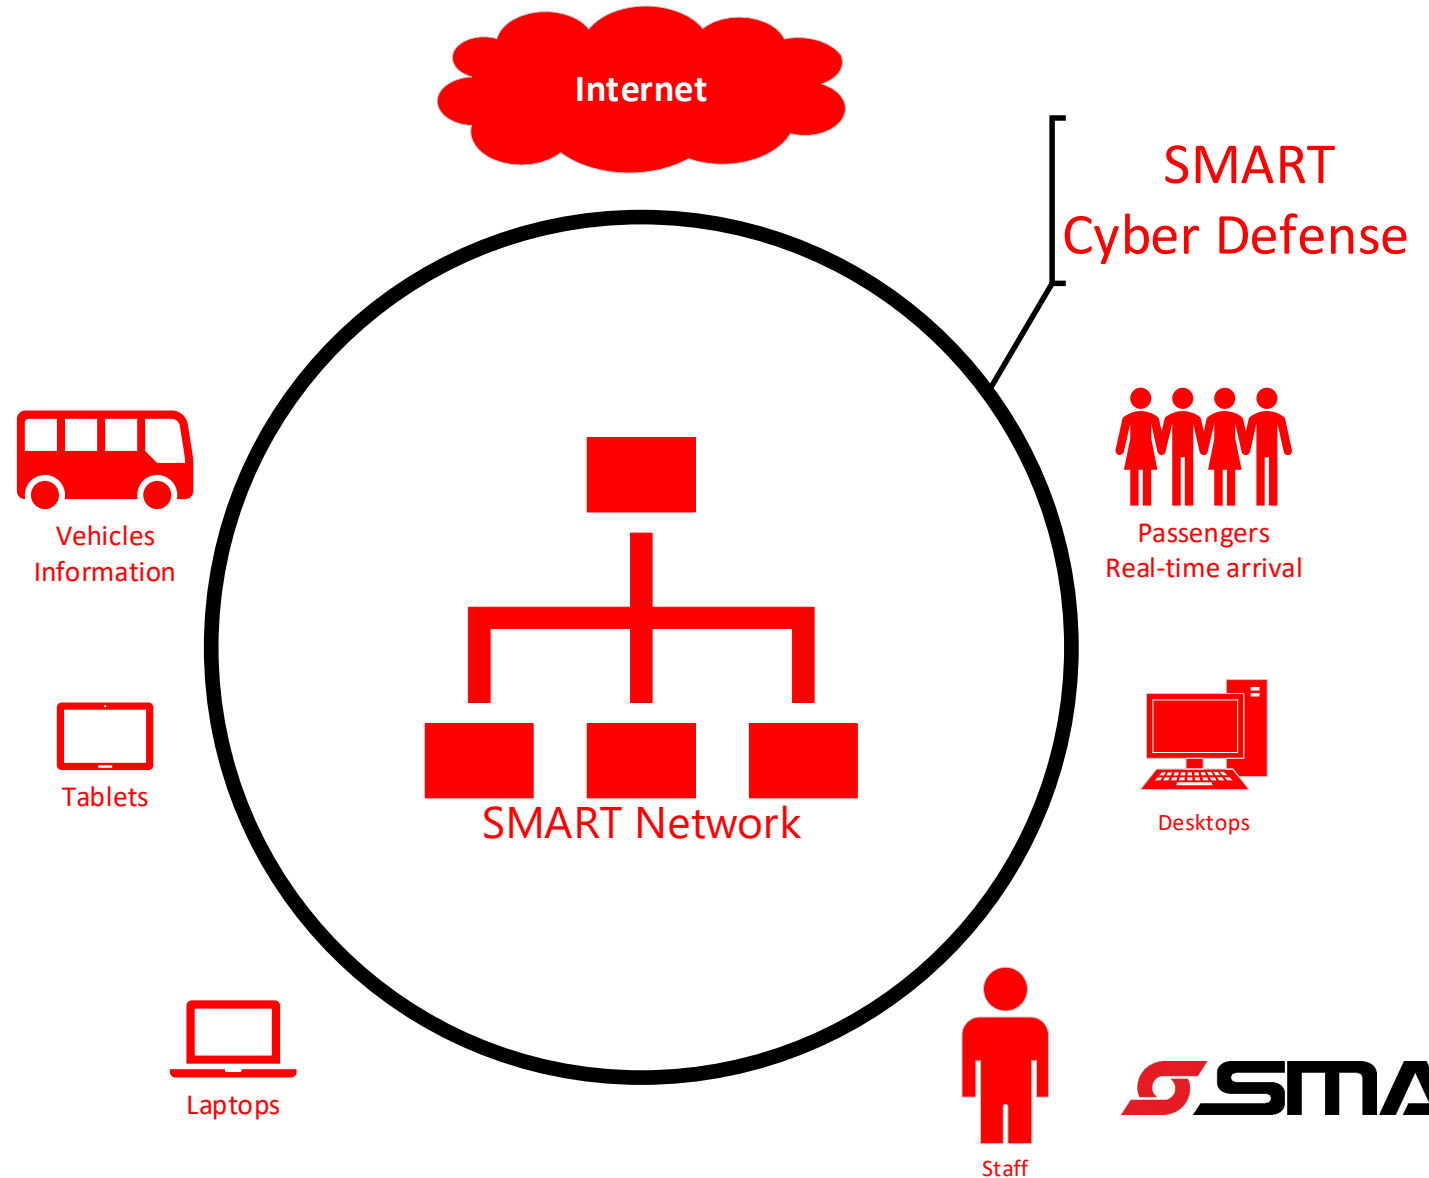

Approach to Cybersecurity

A comprehensive approach to cybersecurity includes multiple layers of protection, such as:

- A well-defined response and management plan
- Strong threat protection measures
- Continuous monitoring of the network
- Educating staff to identify potential cyber threats
- Enhanced defense of devices through end-point protection software
 - Monitoring of applications on desktops, laptops, tablets, and other devices
- A commitment to adjust security measures as needed to stay ahead of emerging threats

Cybersecurity

Next Steps

- Continue to zealously protect the network
- Follow the Guidelines of Federal Cybersecurity Agencies such as the Cybersecurity & Infrastructure Security Agency (CISA)
- Provided regular briefings to the Board of Directors

Questions

MEMORANDUM

TO: SMART Board of Directors

FROM: Chairperson

DATE: March 28, 2024

SUBJECT: New Business

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million (1990-2000) (Office for National Statistics 2001).

There is a growing awareness of the need to address the health care needs of the elderly population. The Department of Health (2000) has set out a strategy for the care of the elderly, which includes a commitment to improve the quality of care for the elderly and to ensure that the needs of the elderly are met.

The aim of this paper is to explore the experiences of elderly people who are living in care homes and to identify the factors that influence their quality of life.

The paper is organized as follows. First, a brief overview of the care home sector is provided. Then, the research methods used in the study are described. The findings of the study are then presented and discussed. Finally, conclusions are drawn and implications for practice are discussed.

Background

The care home sector in the UK is a complex and diverse one. There are a wide range of care homes, each with its own characteristics and objectives.

One of the main types of care home is the residential care home. These are homes where people live full-time and receive care and support. They are often run by local authorities or private companies.

Another type of care home is the nursing home. These are homes where people live full-time and receive nursing care. They are often run by private companies.

There are also a number of smaller care homes, such as day care centres and respite care homes. These provide care and support for people who need it for a short period of time.

The care home sector is a major provider of care and support for the elderly population in the UK. It is an important part of the health care system and plays a vital role in ensuring that the needs of the elderly are met.

However, there are a number of challenges facing the care home sector. One of the main challenges is the increasing number of people who are aged 65 and over. This is putting pressure on the care home sector to provide care and support for a larger number of people.

Another challenge is the increasing costs of care. This is making it difficult for local authorities and private companies to provide care and support for the elderly population.

There are also a number of other challenges facing the care home sector, such as the need to improve the quality of care and to ensure that the needs of the elderly are met.

The Department of Health (2000) has set out a strategy for the care of the elderly, which includes a commitment to improve the quality of care for the elderly and to ensure that the needs of the elderly are met.

The aim of this paper is to explore the experiences of elderly people who are living in care homes and to identify the factors that influence their quality of life.

The paper is organized as follows. First, a brief overview of the care home sector is provided. Then, the research methods used in the study are described. The findings of the study are then presented and discussed. Finally, conclusions are drawn and implications for practice are discussed.

Methods

The study was conducted in a residential care home in the south of England. The care home was a medium-sized residential care home with 20 beds. It was run by a private company.

The study was conducted over a period of 12 months. The data were collected through a series of interviews with elderly people who were living in the care home.

The interviews were semi-structured and lasted between 30 and 60 minutes. The topics discussed in the interviews included the elderly people's experiences of living in the care home, the factors that influence their quality of life, and their views on the care and support they receive.

The data were analysed using a grounded theory approach. This approach involves identifying themes and patterns in the data and then developing a theory that explains the data.

The findings of the study are presented in the following sections. First, a brief overview of the care home sector is provided. Then, the research methods used in the study are described. The findings of the study are then presented and discussed. Finally, conclusions are drawn and implications for practice are discussed.

The care home sector in the UK is a complex and diverse one. There are a wide range of care homes, each with its own characteristics and objectives.

One of the main types of care home is the residential care home. These are homes where people live full-time and receive care and support. They are often run by local authorities or private companies.

Another type of care home is the nursing home. These are homes where people live full-time and receive nursing care. They are often run by private companies.

There are also a number of smaller care homes, such as day care centres and respite care homes. These provide care and support for people who need it for a short period of time.

SUBURBAN MOBILITY AUTHORITY FOR REGIONAL TRANSPORTATION

RESOLUTION

Authorization to Award a Contract for Endpoint Protection Software

- Whereas, The Suburban Mobility Authority for Regional Transportation (SMART) needs technical services from a responsible and qualified firm to provide endpoint protection software services; and
- Whereas, Endpoint protection software provides comprehensive cybersecurity protection detecting and responding to potential threats, promptly minimizing the risk of data breaches and cybercrime; and
- Whereas, A Request for Quote (RFQ) was advertised and posted on MITN. Six bids were received, four were deemed responsive and responsible; and
- Whereas, The bid submitted by AmeriNet of Michigan, Inc. was determined to be the lowest-priced, responsive, and responsible bidder. Price was determined to be fair and reasonable; and
- Whereas, The project is funded via operating funds; and
- Whereas, The Vice President of Finance is satisfied that AmeriNet of Michigan, Inc. has the potential to perform under the terms and conditions of the contract; and
- Whereas, The EEO Department is satisfied that AmeriNet of Michigan, Inc. is in compliance with the equal opportunity and affirmative action laws and policies of the Federal and State governments and the affirmative action policies of SMART; now, therefore be it
- Resolved, That the General Manager of the Suburban Mobility Authority for Regional Transportation is hereby authorized to award a three-year contract for a total amount not-to-exceed \$136,760.00, with no renewal options to AmeriNet of Michigan, Inc. for endpoint protection software services.

CERTIFICATE

The undersigned duly qualified Board Secretary of the Suburban Mobility Authority for Regional Transportation certifies the foregoing is a true and correct copy of a resolution adopted at a legally convened meeting of the Board of the Suburban Mobility Authority for Regional Transportation held on March 28, 2024.

DATE:	March 28, 2024	DISPOSITION SOUGHT:	Board Approval
TO:	SMART Board of Directors	SUBMITTED BY:	VP of Maintenance
FROM:	VP of Maintenance	APPROVED BY:	General Manager

SUBJECT: Second Amendment for a 3-month Extension for Concrete Pads for Bus Shelters

RECOMMENDATION

That the Board adopt the attached resolution authorizing a contract amendment:

- for Concrete Pads for Bus Shelters
- with Luigi Ferdinandi & Son Cement Co. Inc., 16481 Common, Roseville, MI 48066
- extending the contract for six months from May 1, 2024, through August 31, 2024
- there is no additional cost for the three-month extension period

DISCUSSION

In April 2019, the SMART Board of Directors authorized a contract for Concrete Repair Services, which is valid until April 30, 2024. At the December 7, 2023, Board Meeting, Contract Amendment #1 was approved that added funding to accommodate the Oakland County service expansion. However, due to the winter weather and cold outdoor temperatures, the work was unable to be completed. As a result, the vendor, Luigi Ferdinandi & Son Cement Co. Inc., has agreed to extend the contract for an additional three months through August 31, 2024. Funding and all other terms and conditions shall remain unchanged for the three-month extension period. SMART staff will be bringing a new contract to the Board for consideration before the August 31, 2024, expiration date.

FUNDING

The project is funded via: Operating funds

SUBURBAN MOBILITY AUTHORITY FOR REGIONAL TRANSPORTATION

RESOLUTION

Approval of a Second Amendment for a 3-month Extension for Concrete Pads for Bus Shelters

- Whereas, The SMART Board of Directors approved a contract with Luigi Ferdinandi & Son Cement Co. Inc. for Concrete Pads for Bus Shelters in April 2019; and
- Whereas, Contract Amendment #1 was approved at the December 7, 2023, Board Meeting that added additional funding to accommodate the Oakland County service expansion; and
- Whereas, Due to the winter weather and cold outdoor temperatures, the work was unable to be completed; and
- Whereas, Luigi Ferdinandi & Son Cement Co. Inc has agreed to an amendment that extends the agreement for a period of three months, from May 1, 2024, through August 31, 2024; and
- Whereas, Funding for the extension period shall remain unchanged; and
- Whereas, All other terms and conditions of the contract shall remain unchanged; and
- Whereas, The Vice President of Finance is satisfied that Luigi Ferdinandi & Son Cement Co. Inc. has performed under the contract terms and conditions; and
- Whereas, The EEO Department is satisfied that Luigi Ferdinandi & Son Cement Co. Inc. is in compliance with the equal opportunity/affirmative action policies of the Federal and State government and the affirmative action policies of SMART; now, therefore be it
- Resolved, That the General Manager of the Suburban Mobility Authority for Regional Transportation is hereby authorized to approve the Second Contract Amendment with Luigi Ferdinandi & Son Cement Co. Inc. for Concrete Pads for Bus Shelters for 3 months, beginning May 1, 2024, and ending August 31, 2024. All other terms and conditions of the contract shall remain unchanged.

CERTIFICATE

The undersigned duly qualified Board Secretary of the Suburban Mobility Authority for Regional Transportation certifies the foregoing is a true and correct copy of a resolution adopted at a legally convened meeting of the Board of the Suburban Mobility Authority for Regional Transportation held on March 28, 2024.

No. _____

**SECOND AMENDMENT TO THE
AGREEMENT
BETWEEN
SUBURBAN MOBILITY AUTHORITY FOR REGIONAL TRANSPORTATION (SMART)
AND
LUIGI FERDINANDI & SON CEMENT CO. INC.
FOR
CONCRETE PADS FOR BUS SHELTERS**

This Second Amendment (“Amendment”) is made and entered into by and between Suburban Mobility Authority for Regional Transportation (“SMART”), an entity organized under the provisions of Act 204 of the Public Acts of 1967, as amended, and Luigi Ferdinandi & Son Cement Co. Inc. (“Vendor” and, together with SMART, the “Parties”). The Parties entered into an agreement for Concrete Pads for Bus Shelters dated May 1, 2019 (“Agreement”). The Agreement was then modified by adding additional funds to the Purchase Order at SMART’s December 2023 Board Meeting (“Contract Amendment #1”). Upon execution of this Second Amendment, the Parties agree to modify the Agreement as follows:

The 2nd Option Year, beginning March 1, 2023, and ending April 30, 2024, shall be extended for a period of three months, beginning May 1, 2024, and ending July 31, 2024 (“Extension Period”). No additional funds shall be available for the Extension Period.

All terms and conditions of the Agreement shall govern this Amendment and are incorporated by reference. Except as expressly provided herein, all terms and conditions of the Agreement remain unchanged. Capitalized terms used but not defined herein have the meanings set forth in the Agreement.

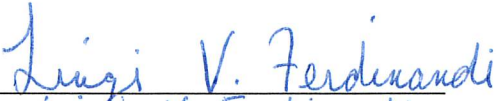

Waiver of any breach of this Amendment shall not be construed as a continuing waiver of other breaches of the same or other provisions of this Amendment or the Agreement. This Amendment shall be governed by the laws of the State of Michigan.

The Parties acknowledge and agree that this Amendment may be executed by electronic signature, which shall be considered as an original signature for all purposes and shall have the same force and effect as an original signature. The Parties agree that the electronic signatures appearing on this Amendment are the same as handwritten signatures for the purposes of validity, enforceability and admissibility. Without limitation, “electronic signature” shall include faxed versions of an original signature or electronically scanned and transmitted versions (e.g., via .pdf) of an original signature.

The Parties acknowledge that they have read and understand this Amendment and that the signatories below have affixed their signatures and affirmed that they are authorized to execute this Amendment, for the purpose of binding their respective Principals.

IN WITNESS WHEREOF the Parties have executed this Amendment by their properly authorized signatories:

of the study. The mean (SD) age, height, weight, BMI, and body fat percentage of the 100 children in the study are shown in Table 1. The children were divided into 10 groups of 10 children each, based on their age. The children in each group were then divided into two subgroups of five children each, based on their height. The children in each subgroup were then divided into two subgroups of two children each, based on their weight. The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage.

The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage. The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage.

The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage. The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage.

The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage. The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage.

The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage. The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage.

The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage. The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage.

The children in each subgroup were then divided into two subgroups of one child each, based on their BMI. The children in each subgroup were then divided into two subgroups of one child each, based on their body fat percentage. The children in each subgroup were then divided into two subgroups of one child each
